Welcome, and thank you for considering us for your special event! We're passionate about creating beautiful, stylish décor that transforms your venue with elegant signage, statement pieces, and thoughtfully styled tables.

In this pricing brochure, you'll find our hire prices, an insight into the process of how we create our beautiful signs, and some of our top tips to help you plan your event. Take your time looking through our collection, and if you have any questions or would like a personalised quote, simply head to our website and fill in the contact form.

We'd love to help bring your vision to life and be part of your special day!

THE PROCESS

WHY ALL OUR SIGNAGE IS FOR HIRE

From the very beginning, it was important to bring a more sustainable approach to the wedding industry. When it comes to signage, it's so easy to order personalised pieces online and tick them off your to do list. But once your wedding day is over, what happens to them? Unfortunately, many signs end up tucked away in storage or even thrown away. That's why we've created a service that offers the best of both worlds. We design bespoke signage that's personalised to each couple, professionally styled and set it up on the day, and then return afterwards to collect everything. This means you can enjoy beautifully crafted, custom signage without the waste or the worry of packing it away and fully enjoy celebrating your big day/event. Your signs can then be lovingly reused for another special celebration, making every piece part of more than one unforgettable day.

01. Let's Chat

The first step is to chat through all of your ideas and bring your vision to life. We can do this via email or by booking a complimentary one-hour online consultation.

02. Secure Your Date

Happy with your quote and ready to book? A 25% deposit will secure your date in our diary, and the fun can begin!

03. Final Details

Around 6-8 weeks before your wedding or event, we will be back in touch to go over all the final details and make sure everything is perfect for your big day. If you are having a bespoke piece created, we will be in touch earlier to discuss designs, ideas, and timings to ensure everything is carefully planned and created just for you.

04. Creating Your Signage

This is where the magic happens! Every sign is carefully handcrafted using premium cut vinyl rather than printed designs, ensuring a beautiful, high-quality finish. If you've chosen one of our wooden signs, it will receive a fresh coat of paint so it's looking its very best for your celebration.

05. Your Special Day

The day has arrived! We will deliver, set up, and style your signage, ensuring every detail is perfectly in place and ready to welcome your guests.

06. Collection

Once your celebration is over, we will return to collect everything, leaving you with one less thing to think about. It's all part of making your day as stress free as possible while allowing your beautiful signage to be reused for another special occasion.
